Subject: General information about Commission of Public Works (CPW)

SUMMARY OF TELECON

I contacted CPW utilities and spoke with Mr. Brown regarding general information about CPW. Mr. Brown provided the following information:

- CPW has one surface water intake, located on Strom Thurmond Lake located at 473 Chamberlain Ferry Road, McCormick County, SC.
- CPW has no ground water wells.
- Their water system serves 3,000 connections
- CPW sells their water supply to McCormick County

The surface water intake is not located within the 15-mile target distance limit downstream of the Barite Hill property. Attached are maps from topozone showing the location of the surface water intake obtained from the following websites:
